** Per the MO Rules, the State Advisory Board that audits CE should accept any CE that is approved by APTA or any state chapter of APTA. RHE courses will not appear in the MO registry of approved courses, however, through our affiliations with other state boards/chapters, they will be accepted for CE credit. MO licensees should maintain their RHE certificates that indicate our other state board approvals and submit when necessary.*

***RHE will submit an application on your behalf to the Rhode Island PT Board for approval at no additional charge. While our syllabus/review criteria meets the requirements of these states, approval of courses in these states is exclusively the decision of each respective state board.
